

Dear Student,

Here is a list of what you need to carry for your stay on campus. You can decide on how many of each. You will have one single wardrobe. Excess luggage will be stored in the bag room.

Please note that you will have time to do laundry (using the washing machines available) on the weekend. Clothes washing soap will be provided. While there is plenty of sun for you to dry your clothes, we also have a sufficient number of clothes driers for you to use.

You will be ironing your own clothes too (the iron and iron stand will also be provided).

Thank you.
